TITANIUM internal layer which offers an Infra Red thermal reflective barrier to minimise heat loss from the thermal undersuit.

"SiTech" Swivel auto inflator and "SiTech" low profile automatic shoulder dump.

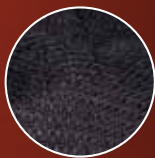

Front entry high level zipper combined with "fold-down telescopic body design" for extremely easy donning and maximum freedom of movement.

A built in 38mm adjustable elasticated crotch strap and internal elasticated waist section for better fit and minimising air within the suit.

"Bias cut" pattern design which revolutionises the membrane suit offering incredible comfort and enhanced body contouring.

Super soft Cordura® seat and legs and super soft polyester top offer the optimum combination of comfort and durability, and large 1000 Denier Cordura knee and shin pads for the ultimate in wear resistance.

4mm compressed neoprene drysocks with "Tuftex" wear resistant outer lining.
